<p>4 Affirmations according to L.H. ■ Gland problems: Poor distribution of ideas requiring activity and initiative. You hold yourself back. ■ I have all the divine ideas and activity that I need. I start moving immediately.</p> <p><i>Interpretation by Kraus & König:</i> The glands have a "control task" - as support in implementing the right activities, and not just thinking about it. Also DOING what one knows. For oneself, as also in the company. <i>Comment of the customer:</i> That sounds good, because the implementation is always the most difficult. (Comment - is not sent)</p>	<p>Optimum</p> <p>20</p> <p>100</p> <p>Affirmations</p>
